Subject: Letter of Recommendation for RIK SINGHA**Dear RIK SINGHA**

It is with great pleasure that I write this **letter of recommendation** for **RIK SINGHA**, who successfully completed an internship with LaunchED in the domain of **Web Development** during the period **June 2025-July 2025**

Throughout the internship, RIK SINGHA demonstrated a high level of dedication, professionalism, and eagerness to learn. He consistently delivered assigned tasks with precision and timeliness, showing a strong grasp of both theoretical knowledge and its practical applications. His ability to quickly adapt to new challenges and contribute effectively to team discussions was commendable.

We were particularly impressed by his work on Capstone project, where he showcased problem-solving abilities, technical skills, and a collaborative attitude. He also exhibited excellent communication skills and a positive work ethic, making a strong impression on mentors and team members alike.

I believe RIK SINGHA's internship experience with us has equipped him with valuable industry insights and professional competencies that will serve him well in his future academic or career pursuits. I am confident that he will be a valuable asset to any institution or organization he choose to be a part of.

Please feel free to contact us should you require any additional information.

Wishing RIK SINGHA all the best in his future endeavors.

The Hiring Manager

Subject: Application for the Position of Java Developer (Fresher) & Web Developer Position

Dear Sir/Madam,

I am writing to express my strong interest in the Java Developer & Web Developer position at your esteemed organization. With a solid foundation in Java, JavaScript, PHP, HTML, CSS, and SQL, I am eager to begin my career in the IT industry and contribute effectively to your development team.

Coming from a middle-class background, my academic and professional journey has been unconventional yet enriching. I am currently pursuing my Bachelor of Computer Applications (BCA) at Uttaranchal University, having resumed my studies in 2021 after a short break.

My passion lies in Java, Web Development, and Object-Oriented Programming. I actively build on this passion through self-learning and practical projects. For instance, I successfully completed a Mentorship Program on Web Development with Launched Global and Deevelo X (June 1 – July 31, 2025), where I gained hands-on experience in building responsive and user-friendly web applications and was recognized as a keen and enthusiastic candidate.

In addition, I recently earned a Certificate of Completion in GenAI Powered Data Analytics Job Simulation (September 2025) from Forage. This program gave me practical exposure to exploratory data analysis, predictive modeling for delinquency risk, business reporting, and implementing AI-driven collection strategies – sharpening both my problem-solving and data-driven decision-making abilities.

My professional experiences at Apollo Pharmacy and M-Pocket (Kolkata) have strengthened my soft skills in team coordination, quality management, and customer service, which I believe complement my technical expertise.

I am confident that my blend of technical skills, practical training, and professional experience – combined with a strong work ethic – will allow me to bring meaningful value to your organization. I would welcome the opportunity to contribute and grow within your team.

Thank you for your time and consideration.

Sincerely,

Rik Singha
